Dear Lisa and Tim,

25 years ago The Orvis Company started our Orvis Endorsement programs to recognize the best fly-fishing destinations in North America. Since that time Orvis has expanded these services to endorse Hunting Lodges, International travel destinations, and more.

In 2011 Lopstick Lodge is celebrating their 10th year as being an endorsed fly-fishing destination and their knowledge of the Upper Connecticut River system, the services they provide and the scope of their offerings have made Tim, Lisa, and their entire team a great asset to our program.

The Orvis Company proudly recognizes Lopstick Lodge as being one of the best wilderness fly-fishing destinations in North America; proving exceptional sporting services, an Orvis Dealership, and the world-class customer service synonymous with the Orvis Tradition.

Thank you,
